Profile Summary

Dynamic and meticulous Formulation Scientist with over 7 years of experience in driving innovative solutions in pharmaceutical and chemical industries. Expertise in product development, analytical methodologies, and regulatory compliance. Proven track record of successfully launching 10+ pharmaceutical formulations that have contributed to a 20% increase in market share. Adept at collaborative work, leading cross-functional teams, and excelling under demanding timelines.

Work Experience

Senior Formulation Scientist

Pfizer Inc.

1st Mar, 2018 - Present

- Led a team of 5 scientists in the formulation of a blockbuster drug that achieved \$50M in annual sales.
- Implemented lean manufacturing techniques resulting in a 15% reduction in production costs.
- Collaborated with regulatory teams to ensure compliance, reducing approval time by 30%.

Formulation Scientist

Merck & Co.

1st Jan, 2015 - 28th Feb, 2018

- Conducted over 200 experiments to enhance drug delivery systems, increasing bioavailability by 25%.
- Developed a novel stabilizing agent that extended shelf life of products by 12 months.
- Presented research findings at three international conferences, boosting team visibility.

Education

Harvard University

Ph.D. in Pharmaceutical Sciences

1st Sep, 2011 - 31st May, 2014

University of California, Berkeley

B.Sc. in Chemistry

1st Sep, 2007 - 31st May, 2011

Skills

Formulation development, Analytical methods, GMP compliance, Statistical analysis,

Team leadership, Project management

Notable Projects

Nano-Emulsion Drug Delivery System

Developed a pioneering nano-emulsion drug delivery system that improved the solubility and efficacy of hydrophobic drugs, leading to patent acquisition.

Certifications

Certified Pharmaceutical Industry Professional (CPIP)

Issued by International Society for Pharmaceutical Engineering (ISPE), 10th Apr, 2020

Awards

Excellence in Innovation Award

Awarded by Pfizer Inc., 15th May, 2019
